

FISCAL NOTE

HB 656 - SB 1334

March 19, 2003

SUMMARY OF BILL: Requires the general appropriations act to fund education, public safety, and judicial departments prior to funding any other state government functions.

ESTIMATED FISCAL IMPACT:

MINIMAL

Estimate assumes that since the bill does not mandate a specified level of funding for education, public safety and judicial departments, the normal budgetary process would determine those levels. Since the state is required to have a balanced budget those functions would be funded as well as all other functions included in the budget.
